SIERRA&SOL
Hiking Activities in South Spain

Granada is a beautiful city much appreciated for its history, its culture, its vibrant nightlife, as well as its natural surroundings.

Home to the Iberian Peninsula's highest mountain and bordering the Mediterranean coast, Granada's landscape is rich and diverse. Thanks to the extensive network of hiking trails, you can explore all four Natural Parks and one National Park and get to know beautiful valleys and villages such as La Alpujarra.

Castila and Sierra&Sol are pleased to offer you a unique experience combining nature as well as linguistic and cultural immersion.

Two different ways to combine Spanish and Hiking activities:

1. Standard Spanish + Hiking programme: 1 or 2 weeks with Spanish lessons and hiking (with Spanish teachers and other Spanish hikers)

2. Combining a Spanish Course with a Specific Hiking Programme (full weekend, bank holidays or midweek) with a Spanish Course.

1. Structure of the standard programme

Spanish in the classroom

- 4 lessons per day
- 20 Classes per week
- 50 minutes duration of classes
- Method: teacher rotation
- Material included in the price: books and all the necessary equipment

Social and cultural activities: daily with Spanish teachers.

 *In these full-immersion language courses, you will interact with your teachers, Spanish students, mountain guides and local hikers.*

Hiking Activity Programme

Programme for 1 week

- Two short hikes (3-4 hours) on Tuesday and Thursday afternoons
- 1-day hike on Saturday
- 1-day hike on Sunday

Programme for 2 weeks

- Four short hikes (3-4 hours) on Tuesday and Thursday afternoons each week
- 1-day hike on Saturday
- 1-day hike on Sunday
- If students stay in Granada after the end of the course, they will be invited to go on another excursion for free.

On the Sunday hikes you will join a group of local Spanish hikers from Granada.

Distribution of time and academic activities

A. Grammar-based practice

2 classes per day

Explanations of grammar points and immediate practice in real communicative situations. Homework correction.

B. Practice and conversation based on thematical units

2 classes per day

Oral and written exercises, comprehension practice (audio-visual material and analysis of documents or magazines, books, television, and radio) and conversation related to the specific topics studied.

C. Extracurricular activities (optional)

To gain knowledge of a language, cultural immersion is necessary. With this in mind, CastiLa offers different social activities that help foreign students

integrate into Spanish life. These are a wide variety of activities, including Spanish movies, thematic evenings, musical evenings, trips, visits, parties, sports, tapas time and paellas.

H. Hiking activities

Practise Spanish whilst walking and discovering the beauty of the natural areas that surround Granada. Learn about our natural and cultural heritage, the landscape and its flora and fauna among other things. You will be able to share these hikes with other students or local hikers in order to really immerse yourself in this natural world.

H* For two-week courses the hikes on Saturday and Sunday correspond to the first weekend.

2. Combining a Spanish Course with a Specific Hiking Programme:

Students of CastiLa can complement their Spanish Course (4 or 6 classes daily) at their convenience with a Specific Hiking Program.

The Specific Hiking Programs are always organized with Spanish teacher-guides and other Spanish hikers. The hiking programme consists of:

- The travel
- Accommodation in very well-equipped establishments, integrated in the natural environment
- Full days hiking
- Meals and additional activities together with the group

Altogether a wonderful opportunity to put into practice your Spanish skills into practice.
